All India Association of Vice-Chancellors & Academicians

TECHNICAL SUPPORT BY

National Commission for Homoeopathy
Central Council for Research in Homoeopathy

About IIHP

Indian Institute of Homoeopathic Physicians (IIHP) is one of the oldest Registered and recognized professional Organizations in India striving for the promotion and development of Homoeopathy and qualified Homoeopathic graduates for the last 75 years. IIHP was in the forefront in getting recognition for Homoeopathy in India. The Organization is the brainchild of late Padmashree Dr. K.G. Saxena and late Dr. G.L.N. Sastry who have spent their whole life for the development and dignity of Homoeopathy in the country. Today, IIHP is enjoying its popularity due to sacrifices made by the promoters of this Institute.

IIHP is known for organizing quality and Educative Seminars, Workshops, CME programs, webinars, CSR Programs and Health Camps for the benefit of Homoeopathic doctors, students and general public. Its programs are always appreciated by the Homoeopathic profession in India and abroad. IIHP has organized its first ever International Seminar in Dubai UAE in the month of April 2019 for the benefit of Homoeopathic Doctors practicing in the Middle East. This program was well received by the participants and got appreciation and CME Credit points from Dubai Health Authorities. IIHP is also an Academic partner in the Canada Homoeopathic Conference scheduled in October 2022.

IIHP has initiated a new CSR Program named "Homoeopathic Education Quality Improvement Program (HEQIP) in the year 2017 for the benefit of Homoeopathic student community. Under this new Program experienced academicians and clinicians from IIHP are regularly delivering Evidence Based Case presentations in various Homoeopathic Medical Colleges for motivating students to take up sincere Homoeopathic practice after completion of their graduation. As on day the institute has conducted these Seminars in Jaipur, Ludhiana, Bhopal, Bengaluru, Pune, Chandwad (Nashik), Guwahati, Malaysia, Canada and Solan in Himachal Pradesh. For these programs we have created a special cell called Mission IIHP. These programs have received very good response from students and Faculty members of the Colleges and the practitioners. In addition to above, on the request of Homoeopathic Associations in Australia, Canada, the Institute has entered a MOU with these organizations to promote Homoeopathy in those countries. The academic and clinical programs are going strong in those countries.

The Institute has got strong presence in USA, UAE and Malaysia. IIHP is also one of the institutional partners in LMHI.

The Haryana State branch of IIHP and Council of Homoeopathic system of Medicine Haryana have requested IIHP to organize XXVI National Homoeopathic Congress jointly at Panchkula Haryana. Seeing the enthusiasm of the Haryana State Branch, CHSM and Members from neighboring states, it has been decided to organize the Congress in Panchkula. This conference also coincides with the Golden Jubilee celebration of CHSM Haryana.

The Homoeo-World-Vision 2023 Haryana will discuss and deliberate on several important topics and issues concerning Homoeopathy and its development and it will be a game changer for the young Homoeopaths who took Homoeopathy as their career. Eminent Resource persons from India and abroad will be part of this Scientific Seminar and will share their experiences and success stories with the
